

SWILLAND MILL | Luxury Accommodation | Sleeps 16 persons | **Call 01473 785122**

About Swiland Mill

Originally a coal-fired roller mill, built in the 1890s adjacent to what was once one of Suffolk's finest windmills. Swiland Mill has been newly converted into three adjoining 5 star luxury properties, all extremely private and yet flexible providing high specification luxury holiday accommodation for 16 persons.

We have retained the imposing and fascinating structure of the industrial interior. Original doors and pulleys used in the processing of the flour remain, the old flour lift and of course the chimney, whilst the top quality finishings, modern furnishings and decoration create real comfort.

There are tables and chairs on the terrace to the front of the building with large gardens to the side and rear. Attractive exterior lighting welcomes you to the property and continues to the Mill's hot tub and outside changing room. From there lawns lead to the children's play area. The old mill pond has a fountain and is fully fenced.

There are 3 king sized double bedrooms and 4 twin bedded rooms (3 bathrooms plus 2 ensembles in total). Twin beds can be zipped together to create superking sized beds. Kitchens are ultra modern and well equipped. The Lucam, the central property sleeps 8 and has a dining table to seat 16 as well as all the necessary cutlery and china etc.

The nearby pub, The Moon and Mushroom sells excellent food as well as some of Suffolk's finest beers and there is also an excellent choice of restaurants in the nearby towns of Woodbridge, Framlingham and by the quayside in Ipswich.

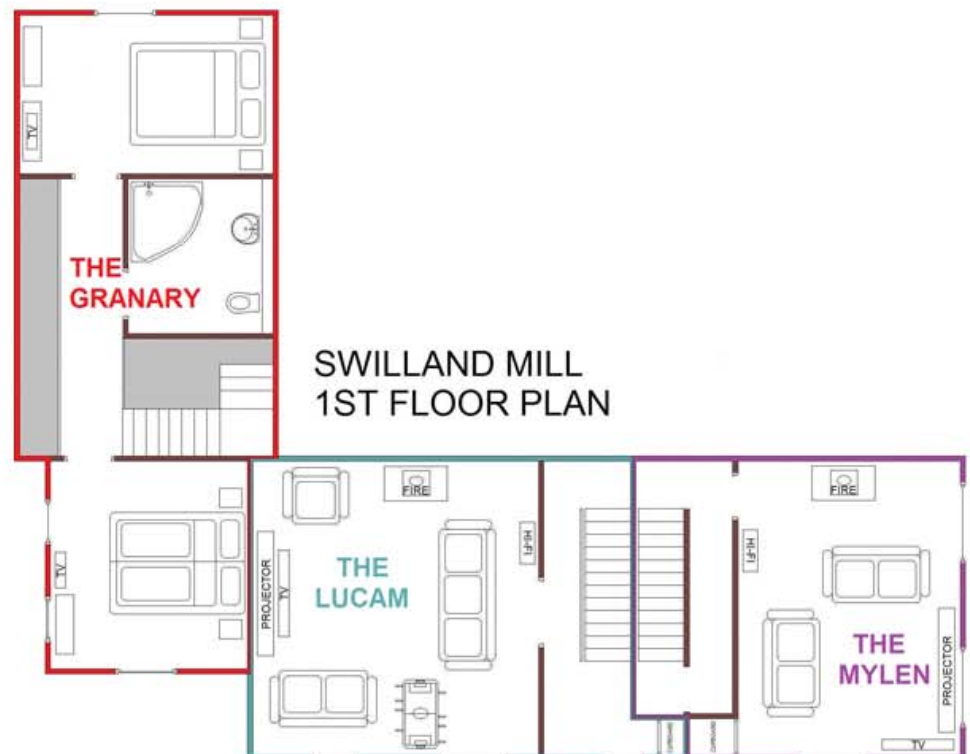

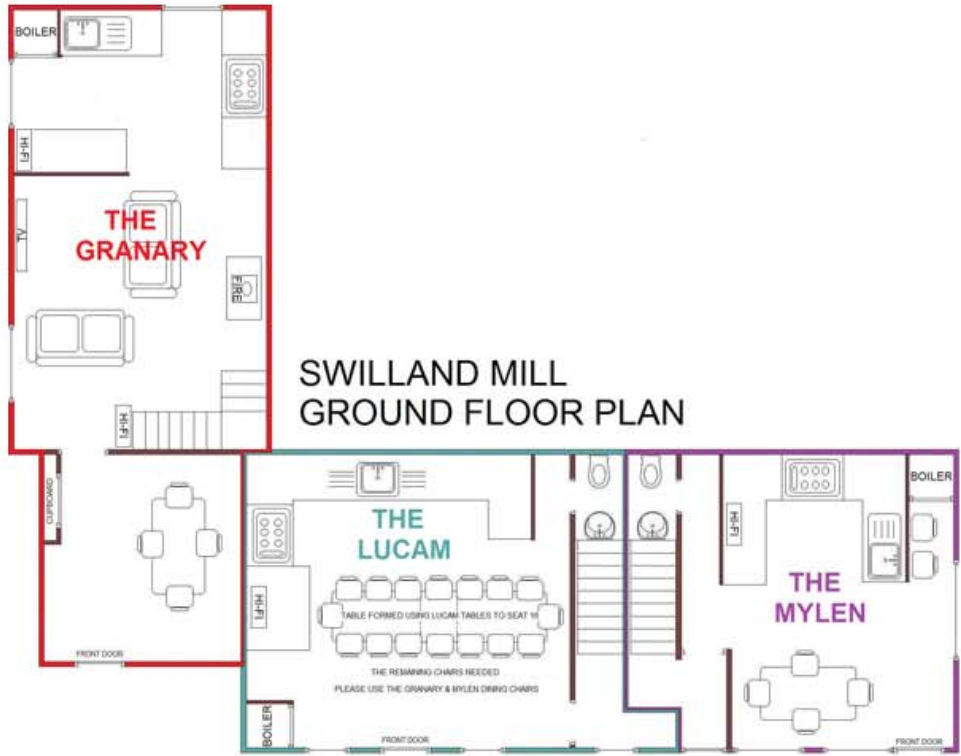

We hope we have thought of every amenity to make your stay as comfortable and enjoyable as we can but welcome any further ideas to constantly provide the best luxury accommodation in Suffolk. Please contact us if you have any questions.
